Regulations Pertaining to the Registers

The Ministry of Education requires that, for audit purposes, the current year's register and the previous year's register be retained. Retention beyond that minimum period is to be carried out in accordance with the board's record management program, as specified in paragraph 38 of subsection 171(1) of the Education Act.

Authorization for the collection of the information required in the registers is found in subsection 8(1)(8) of the Education Act. This information is required for administrative purposes. Anyone

This register is available on the Ministry of Education's website, at <http://www.edu.gov.on.ca/eng/policyfunding/forms.html>.

needing additional information regarding the collection of this information should contact the principal of the adult basic education program.

Under section 8 of Ontario Regulation 159/11, boards are entitled or required to charge certain pupils tuition fees for courses. These pupils must not be included in this register.

Responsibilities of the Principal of the Program

Administration of the Program

It is not required that the instructors for adult Native language courses be qualified teachers. However, the principal shall ensure that the instructors are directly employed and paid by the board, since these are conditions for receiving ministry funding for the program.

The principal shall ensure that pupils are not charged any registration fees and/or other fees pertaining to administration. Pupils may, however, be asked to pay nominal refundable text-book deposits and/or reasonable charges for consumable items needed for the course. Where inappropriate fees are charged, the ministry may adjust the amount of funding the school board receives for the course.

The principal shall ensure that courses are offered in a school or in any location deemed suitable by the board. Courses may be offered during or after the school day.

The principal shall oversee each class of each course offered, whether or not a class is conducted in a school and whether or not instructors are qualified teachers. If the principal assigns another board official to oversee the classes, that official's title should be indicated on page 1 of the register along with the official's signature.

Where an instructional session has been cancelled owing to exceptional circumstances (e.g., inclement weather has caused a breakdown in transportation arrangements or otherwise prevents pupils from attending class), the session will be recognized for funding purposes if the instructor is still paid for the session *and* the session is not rescheduled. This session must be marked with a "C" in the register to indicate the cancellation, and the reason for the cancellation must be recorded.

Use of the Register

The principal shall ensure that this register is only used to record the attendance of all pupils enrolled in adult Native language non-credit courses offered both during the school year and during the summer.

The principal shall ensure that this register is *not* used to record enrolment of any pupil who is a *day school pupil* in any publicly supported day school in Ontario.

The principal shall ensure that a separate register is used for each class and that a pupil's name is not entered in the register until the day on which the pupil actually begins to attend classes.

The principal shall ensure that page 1 of the register is completed accurately. It should be noted that the "total enrolment" in a course must include *all pupils* who attended course sessions. This number is not reduced if a pupil withdraws before completing the course.

The number of pupils given for "Average enrolment" under "Pupil Data", which is to be the average number of pupils enrolled in the course, is used to calculate the adjustment for small classes. This number is arrived at by dividing the total number of pupil hours by the total number of hours of classroom instruction for the course, and rounding the result to two decimals.

Instructions for Staff Recording Enrolment and Attendance

Use a separate register for each class. Do not enter a pupil's name in the register until the day on which the pupil actually begins classes.

Indicate attendance at sessions by leaving the appropriate spaces on the register blank and absence by entering an "A", as shown in the sample register below. If a pupil is admitted after the course begins, draw a horizontal line through all spaces up to the date on which the pupil was admitted (see pupil 7 in the sample). If a pupil withdraws, draw a horizontal line through the remaining spaces (see pupil 1). Where an instructional session has been cancelled owing to exceptional circumstances, enter a "C" for that session for the first and last pupils, join the "Cs" by a vertical line (see session 35 in the sample), and record the reason on the register (see the note at line 34 in the "Name of pupil" column in the sample).

Using the information provided in this paragraph, determine the number of sessions for each pupil during the school year or the summer, and enter this number in the appropriate column under "Number of sessions recognized for funding". If a pupil has been absent for *three or more consecutive sessions*, subtract the number of consecutive sessions missed from the total number of sessions (see pupils 3, 4, 5, 6, and 7). If a pupil has begun the course late, subtract *all* sessions missed at the beginning from the total (see pupil 7). If a pupil withdraws from the course and/or is simply absent *and* thereby misses *three or more* consecutive sessions, subtract the number of consecutive sessions missed from the total (see pupils 1, 2, and 6). It should be noted that the end of the calendar year does not break a series of sessions missed (see pupil 5). Note that a cancelled session (marked "C") is not included in the calculation of the number of consecutive sessions for which a pupil has been absent (see pupils 4 and 6).

In the sample register below, the record of enrolment and attendance is shown for a class conducted two evenings a week. **The sample is a generic sample, no longer related to a specific year.**
