We are pleased to provide you with a print copy of our new instructional guides that will serve as professional learning resources for teachers:

- A Guide to Effective Instruction in Mathematics, Kindergarten to Grade 3 – Measurement;
- A Guide to Effective Instruction in Mathematics, Kindergarten to Grade 3 – Patterning and Algebra;

The binder tabs for these three guides are also provided. In addition, we are enclosing Appendix E to be inserted in A Guide to Effective Instruction in Mathematics, Kindergarten to Grade 3 - Geometry and Spatial Sense.

These resources contain effective strategies and reinforce key research-informed concepts to benefit student learning.

Your graduating elementary school teachers will undoubtedly have access to these guides as they enter the field. It would be beneficial to them to have familiarity with these concepts and techniques.

We are committed to providing teachers with resources of the highest quality. We are confident that your Faculty and student teachers will find this material helpful and we appreciate the opportunity to work with you to improve student achievement.
