George Zregarac
        Assistant Deputy Minister
        Strategic Planning and Elementary/Secondary
        Programs Division

DATE: September, 2007

SUBJECT: Professional Learning Resources and Implementation Support for Teachers

We are pleased to provide you with a print copy of our new instructional guides that will serve as professional learning resources for teachers:

- A Guide to Effective Instruction in Mathematics, Kindergarten to Grade 3 – Measurement;
- A Guide to Effective Instruction in Mathematics, Kindergarten to Grade 3 – Pattern and Algebra;
- A Guide to Effective Instruction in Mathematics, Kindergarten to Grade 3 – Data Management and Probability;

The binder tabs for these three guides are also provided. In addition, we are enclosing Appendix E to be inserted in A Guide to Effective Instruction in Mathematics, Kindergarten to Grade 3 – Geometry and Spatial Sense.

These resources contain effective strategies and reinforce key research-informed concepts to benefit student learning.

Let’s all continue to work together to ensure that all students succeed in becoming literate and numerate.
