DATE: September 4, 2007

SUBJECT: Provincial Symposium for Student Success Leaders
September 19-21, 2007

This September the Literacy and Numeracy Secretariat Symposium and the Student Success Leaders Symposium will be occurring at the same time in Toronto. This provides us with the opportunity to learn with and from each other and to share the common message of both Student Success and the Literacy and Numeracy Secretariat – to improve student achievement for all students so that they can have the widest range of choices in their academic career and beyond.

We are pleased to invite Student Success Leaders and their board colleague who is joining them at the Student Success Leaders Symposium to a dinner and presentation by Dr. Douglas Reeves, on Thursday evening, September 20th as part of the Literacy and Numeracy Secretariat Symposium. Dr. Reeves from the Centre for Performance Assessment will speak on the topic of leadership, implementation and monitoring to improve student achievement. This is integral to school improvement planning and capacity building of system leaders.

We look forward to this opportunity to dialogue at our shared evening on September 20th as we continue our work to improve learning for all students.
