We wish you a happy Holiday Season and a peaceful and prosperous New Year.

OCTOBER 2010-2011 SUBMISSION DEADLINE
We would like to acknowledge the efforts and progress of school boards in submitting their 2010-2011 OnSIS October data submissions. Boards are reminded that the October 2010-2011 submission deadline is December 31, 2010.

OnSIS OCTOBER BOARD REPORT AGGREGATE GUIDE
The OnSIS October Board Report Aggregate Guide will soon be posted to the What’s New section of the OnSIS application. This guide has been developed to help boards with any questions they may have regarding the October Board Report.

If you require additional information, contact the OnSIS Help Desk.

UPDATE TO EARLY LEARNING PROGRAM BUSINESS RULE
As communicated on November 25, 2010, in the October 2010 submission, ELP business rule SE0115 currently does not exclude student(s) with an enrolment end date. For schools offering an ELP program, users are receiving a critical error for these student(s) to have a JK/K timetable value of ‘ELP Instruction’.

ELP business rule SE0115 will be updated to apply only to active students. A communication will be sent to boards once this rule has been updated in OnSIS.
UPDATES TO OnSIS VERIFICATION AND BOARD SUMMARY REPORTS

SECTION P REPORTS
As communicated on November 19, 2010, the **Section P – Junior Kindergarten and Kindergarten Attendance** summary and detail reports currently do not include the new JK/K timetable type column called ‘ELP Instruction’.

In the October 2010 submission, for schools offering an ELP program, the summary report is appearing blank and the detail report is only indicating that the students have been counted, but not as any specific attendance type.

The two reports will be updated to include the new JK/K timetable type column called ‘ELP Instruction’. A communication will be sent to boards once the reports have been updated in OnSIS.

SECTION E REPORTS
As of the 2010-2011 academic school year, ‘Perfectionnement du français (PDF)’ was renamed to ‘Programme d’appui aux nouveaux arrivants (PANA)’. As a result, the **Section E – Enrolment by Year of Entry into Canada** verification and board summary reports will be updated to accurately count those students enrolled in a French-Language board who are eligible for PANA funding.

For the 2010-2011 academic year, students in a French-Language board will be counted on the **Section E – Enrolment by Year of Entry into Canada** reports if they were a pupil of the board; and were:

- born after December 31, 1989 in countries other than France/Belgium, who entered Canada between September 1, 2009 and October 31, 2010; and

- born after December 31, 1989 in countries in which French is a standard language of schooling or public administration and who entered Canada between September 1, 2006 and August 31, 2009. (Qualifying countries in which French is a standard language of schooling or public administration would be the same list of qualifying countries used for the 2009-2010 academic year.)

A communication will be sent to boards once the reports have been updated in OnSIS.

DATA CORRECTIONS
Over the last few months, a small number of boards have requested Data Correction. Once a Data Correction request has been reviewed and approved, boards will have up to 48 hours to make the changes and re-sign-off the submission period(s).
