MEMORANDUM TO: Directors of Education
Secretaries and Supervisory Officers of School Authorities

FROM: Stephen Simard, Regional Manager (A)

DATE: January 29, 2008

SUBJECT: Curriculum Review of the Social Sciences and Humanities, Grade 9 to 12 Curriculum Policy Document

Year 5 of the Curriculum Review process began this September. As you know, the review process for each discipline includes consultation through stakeholder information sessions and focus groups.

We are currently working in partnership with the Curriculum and Assessment Policy Branch of the Ministry of Education to organize a one-day focus group session for representatives from school boards, school authorities, and provincial schools. The purpose of this session is to gather input from teachers, principals, and board-level staff for the review of the Social Sciences and Humanities, Grade 9 to 12 curriculum policy document. This session will take place:

Thursday, February 21, 2008
Howard Johnson Plaza
Sudbury, Ontario

For this Social Sciences and Humanities, Grade 9-12 Focus Group Session, district school boards are invited to send ten (10) representatives with experience in this area. We are asking boards to ensure the participants are selected as follows:

- Five (5) family studies teachers- one food and nutrition teacher, one fashion teacher, one parenting teacher, one university/college course specialist, and one workplace course specialist
- One (1) General Social Science teacher
- One (1) World Religions teacher
- One (1) Philosophy teacher
- One (1) Librarian
- One (1) Board representative (e.g., coordinator)

School authorities are invited to send one representative to the focus group session.
**Participant Preparation**

Please note that participants are to be prepared to discuss the strengths of the current curriculum policy documents, to identify potential areas for improvement and to comment on how a specific change may impact on the curriculum. Board representatives may wish to consult with their colleagues prior to the session by asking the following questions:

1. What are the strengths of the curriculum? Why?
2. Are there specific areas that need improvement? If so, what are they?
3. What impact, if any, would a specific proposed change have on the curriculum? For example, what needs to be considered within the grade? Within the discipline? Across other disciplines?
