District school board chairs, directors of education and senior business officials are invited to participate in a webcast briefing on the 2008-09 Grants for Student Needs (GSN) scheduled to begin on Wednesday March 26th at 1:00 P.M. The B-memo, board-by-board projections, and technical paper will be available on March 26th in advance of the webcast.

The Minister of Education, the Honourable Kathleen Wynne, and ADMs Nancy Naylor and Dominic Giroux will be leading the webcast. The ADMs will take questions that may arise during viewing.

The webcast will be approximately one hour in length and will be conducted in both English and French. We encourage participants from the same board to join in from a common access point, in order to maximize the quality of the communication.
