STUDENTS SAID
These were important themes:

SELF AND SPIRIT
Identity matters. We value learning about all cultures.

PHYSICAL AND EMOTIONAL SAFETY
Schools need to feel like safe places.

SENSE OF BELONGING
We need to feel welcomed and know that we belong.

MEANINGFUL LEARNING EXPERIENCES
Our learning needs to prepare us for life today and tomorrow.

SUPPORTIVE RELATIONSHIPS
Caring relationships with peers and adults make a difference.

HEALTHY MINDS AND BODIES
Mental and physical health matters.

WE ARE LISTENING
The Ministry of Education continues to work with students and partners to:

» Support a curriculum that reflects the diversity of student voice and includes Indigenous histories, cultures, and perspectives.

» Ensure that classrooms and schools are safe spaces where students can be themselves.

» Provide meaningful ways for students to speak their mind and take action.

» Expand opportunities for students to build real-life skills in ways that are connected to their community.

» Strengthen connections among schools, families, and communities to help all students thrive inside and outside the classroom.

» Promote and support healthy living and well-being.
