Sample survey for use by schools or boards
Welcome.

Thank you for agreeing to complete this survey.

The purpose of this school climate survey is to find out about equity and inclusive education, and about bullying and harassment, at your school. This information will be used by your principal and teachers to help make your school a safe place in which everyone is respected and feels that they belong.

Schools need to be safe and welcoming places so that students can feel comfortable enough to learn.

Please do not put your name on this survey. Your answers are confidential. We are interested in what you and other students have to say.
Student Information

We do not want you to put your name on this survey, but we do want to know something about the students who complete this survey. So, please answer the following questions:

1. What grade are you in? Check one:
   - □ 4
   - □ 5
   - □ 6

2. Are you a boy or girl? Check one:
   - □ Boy
   - □ Girl

3. What is your first language (the first one you learned to speak)?

4. How long have you lived in Canada?
   - □ All my life
   - □ Part of my life: _______ years

About the Survey

This survey has two sections. The first section deals with equity and inclusive education, and the second is about bullying/harassment.

Equity and inclusive education are very important for all schools in Ontario. An inclusive school is one in which:

- all students, parents, school staff, and other members of the school community are welcomed and respected;
- every student is supported and inspired to learn.

In a school where equity and inclusive education are important, all members of the school feel safe, comfortable, and accepted. Staff and students value the differences among people and demonstrate respect for others. An equitable, inclusive education system helps all students to learn and to fulfil their potential.

When students behave in a way that is not respectful towards other students — in a way that is meant to hurt them or put them down — they are often reacting to differences that they do not understand. This way of behaving includes bullying and harassment. These students do not realize that diversity — what makes people different from one another — is one of the best things about their school. When people respect and accept one another and their many differences, there can be no bullying or harassment.

In the first section of this survey, you will be asked questions about how you feel about your school, whether you feel welcome and comfortable at school events and on school teams or clubs, and whether you are learning about the experiences of various groups of people. In the second section, you will read about different types of bullying/harassment, and answer questions about bullying and harassment that may have happened in your school.

Remember: Your answers to this survey will help make schools safer and better for all students.

Actions meant to hurt another person’s feelings or to put a person down are called bullying/harassing behaviours. Bullying is a form of harassment.

In this section, we will be using the words “bullying/harassment” for behaviours such as:
- saying hurtful things to someone about their appearance, their intelligence, or their abilities;
- posting hurtful comments about someone online;
- hurting someone by hitting, kicking, or pinching them, or in some other physical way;
- leaving someone out or treating them badly because of who they are.

The same person or group of people is often bullied or harassed over and over again. This can happen on or off school grounds.

Bullying/harassment is not an accident. Even though students may sometimes feel pressured by other students to bully or harass someone, they are still acting in a way that is meant to hurt or upset that person. And behaviour that is hurtful to others is unacceptable behaviour.

Different forms and types of bullying/harassment are described on the following pages. The information provided there will help you answer the questions in this section.
# Forms That Bullying/Harassment Might Take

## Physical
- pushing, tripping, hitting
- taking or breaking someone’s belongings on purpose

## Verbal
- calling someone names, teasing, or making fun of them
- insulting, humiliating, or threatening someone

## Social
- leaving someone out of “the group” or refusing to play with them
- saying bad things about someone
- making someone look silly
- telling others not to talk to someone
- showing pictures or other things that are rude or insulting

## Electronic
- using the Internet or a cell phone to e-mail or send text messages or pictures in order to threaten someone, hurt their feelings, embarrass them or make them look bad, or spread rumours or tell secrets about them
