This memorandum replaces Policy/Program Memorandum No. 151, February 8, 2010.

INTRODUCTION

Regulation 304, “School Year Calendar, Professional Activity Days”, made under the Education Act, sets out the conditions governing the establishment of school year calendars. The regulation provides that school boards1 may designate up to six professional activity (PA) days2 per school year. Two of those PA days must be devoted to provincial education priorities that are identified in the Appendix to this memorandum.

The criteria that determine the scope of the professional activities for the two mandatory PA days and the possible topics for these PA days are set out in the Appendix to this memorandum, and are effective December 9, 2011. The criteria and topics are reviewed annually to ensure that they are aligned with the provincial education priorities. If the criteria and/or topics should change as a result of the annual review, the Appendix will be updated. Note that, in this revised memorandum, one of the two mandatory PA days must now be devoted to closing the gaps in student achievement in numeracy, and the list of topics for the other PA day has been expanded and reorganized.

LEGISLATIVE AUTHORITY

Subsection 8(1) of the Education Act states that the Minister of Education may “establish policies and guidelines respecting criteria and topics for the professional activity days that are required by regulation and require boards to comply with the policies and guidelines” (paragraph 28).

1. In this memorandum, school board(s) and board(s) refer to district school boards and school authorities.
2. Regulation 304, paragraphs 1 and 2 of subsection 2(3.1).
REQUIREMENTS FOR SCHOOL BOARDS

School boards must continue to prepare their school year calendars in accordance with the requirements set out in Regulation 304. Accordingly, boards must designate two PA days and may designate up to four additional PA days per school year. Boards must ensure that the professional activities on all PA days are consistent with the definition of “professional activity” found in the regulation. Boards must ensure that professional activities on the two mandatory PA days are devoted to the provincial education priorities set out in the Appendix to this memorandum. If boards designate one or more of the four remaining PA days available per school year, they must ensure that some of the professional activities relate to curriculum development, implementation, and review.

Boards must continue to submit their school year calendars to the Ministry of Education according to the dates specified in the regulation.

3. As stated in section 1(1) of Regulation 304, “‘professional activity’ includes evaluation of the progress of pupils, consultation with parents, the counselling of pupils, curriculum and program evaluation and development, professional development of teachers and attendance at educational conferences, but does not include preparation by teachers for classes or instruction.”
APPENDIX: CRITERIA AND TOPICS FOR THE TWO MANDATORY PROFESSIONAL ACTIVITY DAYS

The following criteria determine the scope of the professional activities for the two PA days devoted to provincial education priorities, as set out in paragraph 1 of subsection 2(3.1) of Regulation 304:
